3 Your leads

Every lead from your ads goes straight to your management team the moment they sign up (name, phone, email, which ad), and they can book an orientation themselves. Your team follows up; Roth Ventures never contacts your leads and charges nothing per lead or new member. Your team taps "Mark joined" on your live results page so it counts new members.

5 The agreement

Between **Roth Ventures NY LLC** ("Roth Ventures") and the business named on page 1 ("Client"). Starts the day both sign.

Partner rate. For Client's first 3 months (3 monthly payments), Client pays 50% less than list on everything checked, and on Event Coverage. Discounts don't stack. Before the third payment, both sides review how it's going and agree on the rate from then on. Until a new rate is agreed in writing, the partner rate continues; Roth Ventures may change it with 30 days' written notice, and Client may cancel within that notice period.

Content Days. On the checked plan's schedule, Roth Ventures films and photographs Client's business on an agreed date and delivers within 14 days, with one round of revisions. Cancel under 48 hours and that shoot is used; if Roth Ventures cancels or weather stops an outdoor shoot, it's rescheduled free. An unused shoot can move to the next month once.

Paying. Client pays by card. The monthly plan renews automatically until cancelled; one-time items are paid at signup. Events Client books go on the same card: Roth Ventures first sends the amount, then charges it 3 days later, and Client can question it before then. Client authorizes these charges by signing. Card updates, receipts, and cancelling: rothmediaco.com/billing.

Ads (if checked). Roth Ventures builds and runs ads from Client's content, sends ads to a sign-up page for Client's business, tunes weekly, and keeps a live report Client can open anytime (spend, leads, cost per lead, new members), with a summary each month. Client pays Meta for the ad budget directly, in Client's own ad account, gives Roth Ventures partner access (removable anytime), and approves every offer and price before an ad runs.

Leads go straight to Client's team. Each person who fills in the sign-up page is sent to Client's management team as they come in (name, phone, email, which ad), and can book an orientation themselves where Client provides a booking link. Client's team follows up and books orientations. Roth Ventures doesn't call, text, or email leads, and charges no fee per lead or new member. Client's team marks on the report page which leads joined, so the report can show what the ads earn.

Leads belong to Client. Roth Ventures keeps their details only to deliver them to Client and run the report, never shares or sells them, and deletes its copies when this ends. The sign-up page tells people Client's business may call, text, or email them about their request.

Content. Client may use everything delivered, forever, to promote Client's business. Roth Ventures keeps the copyright and may show the work in its portfolio unless Client asks it not to feature a specific person or clip. Music is licensed through Epidemic Sound as delivered.

Changing or ending. Month to month. Either side can end it, or Client can switch plans or add-ons, with 30 days' notice by text or email. A month already started isn't refunded. Delivered work stays Client's.

Fine print. No guaranteed number of leads or members. Roth Ventures is an independent contractor. Either side's total responsibility is limited to what Client paid in the 3 months before the issue. The terms at rothmediaco.com/terms cover anything else; this agreement wins where they conflict. New York law. Changes in writing, agreed by both.
